

November 22, 1934

Mr. W. S. Carpenter,
Glendale, Utah

RE:LONG VALLEY DIST.

Dear Sir:

Herewith enclosed is blue print copy of the Long Valley Assessment Roll for the 1934 season showing payments made to November 22, 1934. A check opposite the amount assessed indicates payment in full. In cases where part payments have been made the amount paid appears opposite the amount assessed. Kindly reconcile the payments as shown by this roll with your record and return to this office.

You will note there is still a sum of \$48.10 delinquent or 30.4% of the total amount assessed for the season. Please make a special effort to collect this amount in order that payments can be made as set out in your budget.

Yours very truly,

T. H. Humpherys,
STATE ENGINEER
